

What Makes UDA Camp The BEST?

The UDA Staff

When you attend a UDA Camp, you'll work with an amazing group of the nation's top dancers, hand-picked from colleges across the country! From staff performances to one-on-one attention for your team, we work to provide an awe-inspiring experience for all.

The Choreography

UDA develops our own cutting-edge choreography each year and we teach a wide variety of routines to ensure there's something for everyone! You can learn a variety of routines in different styles and levels. UDA offers routines in Pom, Jazz, Hip Hop, High Kick, and lyrical. These challenging, creative routines are sure to be useful throughout your dance team season.

Our Camp Program

In our camp program not only will you receive stellar choreography, but your team will also get to bond during our teambuilding activities. For 2012, our UDA staff will facilitate *NEW* fun, challenging, "summer splash" themed activities that will help your team grow closer and stronger. These exciting activities will start your team off on a positive note and help prepare them for the upcoming season.

New in 2012- In addition to our team technique classes, UDA will be offering more technique elective with more level appropriate sessions (skill levels 1-5)! In team technique class, your team will work together and focus on the skills that you would like for your entire team to work on. Whether it is turns, leaps or jumps, our staff will provide your team with the very best instruction and technique tips. In our technique elective classes, you will be able to split your dancers up by skill level so that each of your dancers are challenged appropriately!

Our 2012 **coaches program** is sure to be a hit. While at camp coaches will have the opportunity to participate in a program designed just for them! These classes are **BRAND NEW** and feature a lot of new information and activities. Coaches will meet daily and discuss a wide variety of topics. Your UDA Head Instructor will also educate you on how to handle a wide variety of challenges that dance team coaches and advisors face each season. Please check your camp schedule at registration for meeting times and locations.

In addition to the choreography, teambuilding, technique classes, and coaches program, UDA also provides other outlets for your team to learn and have FUN! Your team is sure to love **drill downs** and **CRA-Z-DAY!** **This year tell your team to come to camp ready for a SUMMER SPLASH themed CRA-Z-DAY.**
