Cheer divisions are divided by grade and/or age. Select the division which represents the age or grade(s) attended by the vast majority of your squad members. Teams with their majority spread over 5th through 8th grades should enter our "Mixed Level" division. Select the difficulty level: Bronze (B), Silver (S), Gold (G), Platinum (P), or Diamond (D) for each team competing. Please examine the descriptions of the expected routine components for each of these categories on our website before choosing which level to enter. Note the number of cheerleaders/dancers on each team, and write in an email address for their oral critique to be sent. Check 'Club' if your team does not regularly cheer at games. Dance coaches check off the 'Mat' line if you would like your team to perform on the matted cheer floor instead of the Marley floors.
